Nicole,

Sure you can work on this next week. I am in the office today (9/9) and tomorrow (9/10) and then I will be out of the office until Monday 9/23. My date to have the ROD signed is 12/30/14. This also includes having a draft of the Proposed Plan to circulate through my management by 2/15/14. So, certainly I'll need your involvement with that. However, it may be that we have to go to the Remedy Review board for this, which will delay this entire process approximately 6 months.

If you are in today or tomorrow, we should have a quick call, so I can update you on some of our issues with the FS and how I think we should proceed.

Jim

Hi, Jim.

I can get to this next week—does that work with your schedule?

Also, what is your projected date for the ROD?

Nicole and Jan,

Just received this. You'll have to compare this with the current ARARs in the revised FS.

thanks
